The New Garage

Where the Town Stands.

ARTICLE TWO.

The citizens of the Town do not feel that it is in the interest of economy to dispose of the Demonstration Farm at the present time. It has not been customary in the past, when a new Government takes office, to at once change the system in regard to agricultural education which had been promulgated by their predecessors. The system is to more or less improve on the system in vogue, rather than a complete change in the system, and it would not be in the interest of economy to dispose of the farm at the present time; especially offering it for cash, as is the custom of the Government, as under present financial conditions the Government would realise very little on the sale of the farm.

We feel that the Government should retain the Demonstration Farm, and use a portion for experimental plots under the supervision of the District Agent, and the balance of the Farm retained and used for pasture for feeding of cattle for demonstration purposes, or renting the same. In this manner the land could be retained until financial conditions bettered, and if the Farm had to be sold a better price could be realised for same; and the new system of agricultural education by the District Agent would have been tried, and if found the best, could be adopted in the future; but, if not, then the system of Demonstration Farms and Agricultural Schools could be re-established.

If the Government sells the

Farm now, and wants to change the plan as stated, they will not be in a position to purchase additional land to enlarge on the experimental plots or the 30 or 40 acres which they contemplate retaining.

The promise of a public man should be held sacred, not only by themselves but by their successors in office; and, when the citizens of the Town of Stony Plain put up \$2000 to have the Farm located here, under the distinct promise that a School of Agriculture would be established on the same; and, in addition, lost the sum of \$6,000 for taxes which belong to the Town, and which would have been paid to the Town if the land had not been fenced in by the Government, it is a moral claim on the present Government to either reimburse the Town for the amount of loss which it has sustained by the Farm being here, or else to retain same to carry out the promises which were made at the time it was established, or some other system which will be beneficial to the Town and District.

Come Awa' Wi' Us.

The Athletic Association meets Saturday next on the Snowpile in front of Skating Rink. A larger attendance of members than was present at the last meeting is requested. Please bring shovels!

Hard Times Dance, Hansen's Corners, Friday Ev., April 7.

Prizes for the Best Costume. Ladies, please bring lunch. Come and get your money's worth.

LOCAL NEWS.

Young Philip Fuhr had recovered sufficiently on Friday last to return home from the Edmonton hospital.

Miss Mary Miller is attending business college in Edmonton at present.

Mr John E. Hagle and wife, who had been visiting around Stony Plain for a few weeks, return this week to their home in Jasper.

Mr J. F. Clarke has been absent from business several days this week, thru illness.

Adam Fuhr spent a week in Mundare, on business.

Hon John R. Boyle was in town on Saturday last.

McM. Griffiths made a business trip to Calgary last week.

Insurance agents report quite a number of inquiries for insurance, since the conflagration last week.

Mr Schaeck has postponed the sale of his automobile.

The big red brick building on Main street has now been rechristened bank of Montreal.

Alfred Gilbert shipped one of his milk cows to a breeder at Bellin on Saturday.

A meeting of the U. F. Local will be held on Saturday near April 1st. A good attendance of members is requested.

Mr Sam Ziehl has opened up an auto repair shop on Third St., in the rear of M. Ducholke's implement house.

Services in the Methodist Church on Sunday evening were conducted by Evangelist John Gant, who has closed his series of meetings in the district.

The Directors of the Agricultural Society held a meeting in the Town Hall on Friday night to arrange the Prize list for the 1922 Fair.

Mr B. Iyer moved into his new house on Tuesday.

The gasoline truck service to the City has been temporarily suspended.

The train from Vancouver made a new record on Saturday last—coming thru 13 hours late.

Dr Frith, Dentist, did not keep his appointment in Stony on Friday last, and several prospective clients were disappointed.

Mr Philip Trapp, the well known merchant, has intimated his intention of starting a bake shop. This will be good news to those who appreciate good rye bread, for making which Philip has taken numerous medals.

A deputation of Main street business men went to the City on Friday to interview Provincial Fire Commissioner Sellers regarding enforcement of the fire regulations in the town.

There will be a card party at the home of Mr. and Mrs. James Malloch on Thursday evening, March 30th. A silver collection.

Ladies, a Forest of Hats at Hardwick's!

And the prices? Well, it's foolish to think of sending away for one. Right at home you will get the Quality, Style and certainly save money.

Hardwick's for Hats for the Whole Family!

Have you seen our "Mercury" Hose? This Hose is one of the leading makes, and we have it in great variety, in Men's and Women's, at Hardwick's Prices.

Spohn's Distemper Compound

to break it up and get them back in condition. Twenty-eight years ago he made "SPOHN'S" indispensable in treating coughs and colds, influenza and Distemper with their resulting complications, and all diseases of the throat, nose and lungs. Acts marvelously as a preventive, acts equally well as a cure. On sale at all drug stores.

SPOHN MEDICAL COMPANY, GOSHEN, IND., U.S.A.

Abraham Lincoln's Advice

With the approach of Spring, and a revival of business activity following a winter characterized by mass unemployment and the necessity for the distribution of relief on a large scale by Governments, municipalities and charitable organizations, the air is filled with rumors of impending strikes and industrial disturbances. The coal miners of Canada and the United States threaten a walk-out to enforce their demand for a six-hour day and a five-day work week, while the engineering and other trades in Great Britain are also resorting to extreme measures.

It would naturally have been thought that, instead of creating conditions which mean idleness, not only for those going out on strike, but for countless thousands engaged in other trades which are dependent upon a plentiful supply of coal, and instead of striving for less work and employment, the lessons of the past year would have taught all men to exert themselves to create more work in order that, with the employment of all and renewed activity, there would be better times and a larger measure of prosperity for all.

However, it would appear that the fallacious teaching of paid agitators that a reduction in working hours and days below a reasonable limit must inevitably provide work for a larger number, still influences many of the world's workers. The theory that the world must have a certain quantity of any given article, and that if each individual produces a smaller quantity of it, a larger number will be employed to produce the required total, is a false theory. It is possible to so enhance the cost of an article as to make it prohibitive, and to so seriously reduce the demand, that, instead of there being any increase in employment in such production, there is a damaging decrease.

Again, those who preach this false doctrine lose sight of the fact that mankind can get along without an amazingly large number of things if circumstances force them to do so. The experiences of the war should have been sufficient to thoroughly convince all people of this fact.

Last year the coal miners in Great Britain sought to dictate to the whole nation, and in tying up the coal mining industry they not only inflicted enormous losses on themselves, but dealt a blow at Britain's position as a great coal exporting country from which it has not yet recovered. Valuable properties were so seriously damaged that even yet they have not been restored to their old-time producing capacity, and fewer men are employed.

Canada's workers would do well to heed the advice once given by Abraham Lincoln, himself a worker and a son of the people. Lincoln said: "Property is the fruit of labor; property is desirable; it is a positive good in the world. That should be rich shows that others may become rich, and hence is just encouragement to industry and enterprise. Let not him who is hopeless pull down the house of another, but let him build one for himself, thus assuring, by example, that his own shall be safe from violence when built."

The man who gains a competence in this world, or amasses wealth, does not do so by working as little as he possibly can, or by skimping the work he does. The world's rich men are among its most industrious and hardest workers. Their aim in life is not to accomplish as little constructive, productive work as possible in the course of a day, but rather to strive for a maximum of results.

If men who now regard their position as hopeless, and are envious of the success of their fellows, would but follow Lincoln's advice and get busy and exert themselves, not as little as possible, but to the full extent of their powers, they could quickly establish themselves and make a worthy place for themselves in the world. But they will never get anywhere by simply criticizing what others do and striving to tear down what others have built up. They should change their tactics, and, instead of endeavoring to do as little as possible, and skimping that little, try the plan of exerting all their efforts and endeavoring to achieve a maximum of good work accomplished during the full period of a reasonable long working day.

What this old world needs is not more spare time, more sport, more entertainment and pleasure, but more work, steady work, constructive and productive work. The busiest man or woman is the happiest, healthiest, most prosperous.

A Beautiful Complexion & Admiration

Ladies—A few days' treatment with CARTER'S LITTLE LIVER PILLS will do more to clear up the skin than all the beauty treat-ments in crea-tion. An im-perfect complexion is caused by a sluggish liver. Millions of people, old young and middle age, suffer from Biliousness, Dizziness, Sick Headache, Upright Stomach, etc. for Skin, Face and Bowels Sick. They eat the worst of Constipation. Small Pill—Small Dose—Small Price.

Near Niagara, in Germany, is a famous echo which will toss a sound, and to nor less than seventy times.

W. N. U. 1413

Jays of Rural Life

City Man Had Nothing on His Country Brother

A boy left the farm and got a job in the city. He wrote a letter to his brother, who elected to stick to his farm, telling the joys of city life, in which he said:

"Thursday we auto'd out to the country club, where we golfed until dark. Then we motored to the beach for the weekend."

The brother on the farm wrote back: "Yesterday we bugied to town and baseball all the afternoon. Then we went to Ned's and poked until morning. Today we muled out to the cornfield and geese-waded until sundown. Then we superced and then we piped for a while. After that we staired up to our room and bedstead until the clock five."

Addition

Prisoner—Good morning, Judge. Judge—How old are you? "Twenty-nine."

You'll be thirty when you get out."

Chicago Police.

Cause of Asthma. No one can say with certainty exactly what causes the establishing of asthmatic conditions. Dust from the street, from flowers, from grain and various other irritants may set up a trouble impossible to eradicate except through a sure preparation such as Dr. J. D. Kellogg's Asthma Remedy. Uncertainty may exist as to cause, but there can be no uncertainty regarding a remedy which has freed a generation of asthmatic victims from this scourge of the bronchial tubes. It is sold everywhere.

In Ceylon are to be found snails which attain a length of from four to five inches.

Minard's Liniment for the Grippe and Flu

A Firm Foundation

Franco-British Alliance May Result in United Europe

We doubt if much good will come out of Genoa, but if France and Great Britain go there as allies there cannot be much harm. Abdul Hamid remained in Constantinople long after authority had left his nerveless fingers simply owing to the dissensions of the European powers. Bolshevism in its turn will succumb when it finds itself face to face with a united Europe. A Franco-British alliance is the only foundation on which that unity can be built.—London Morning Post.

Manlaughter in 2nd Degree

Using a razor—bad stuff—but many people do it on their cornea. The only remedy that is painless and sure is Putnam's Corn Extractor, which does remove warts and corns, cleans them right off. Refuse a substitute for "Putnam's," 25c everywhere.

Identifying It

Nina.—Tom, isn't that the same suit you wore last year?

Tom.—Yes, and it's the same suit you asked me last year if it wasn't the same suit I had the year before—Harper's.

SPRING IMPURITIES DUE TO POOR BLOOD

A Tonic Medicine a Necessity at This Season

Dr. Williams' Pink Pills are an all-year-round tonic for the blood and nerves. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching, and every dose of these pills helps to enrich the blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disgusting pimples, eruptions and boils—Dr. Williams' Pink Pills clear the skin because they go to the root of the trouble in the blood. In the spring anatomy, rheumatism, indigestion, neuralgia and many other troubles are most persistent because of poor, weak blood, and it is in this time when all nature takes on new life that the blood most seriously needs attention. Some people do not know that these pills are a tonic, but these only further weaken themselves. A purgative merely ripples through the system, emptying the bowels, but does not help the blood. On the other hand, Dr. Williams' Pink Pills enrich the blood which reaches every nerve and every organ in the body, bring new strength and vigor to weak easily tired men, women and children. Try Dr. Williams' Pink Pills this spring—they will not disappoint you.

Sold by all medicine dealers or sent by mail at 50 cents a box or six boxes for \$2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

A course in the maintenance and repairing of motor cars is now a feature of one of the largest American colleges.

REMARKABLE CLEARER

Canadian Woman Recommends Lydia E. Pinkham's Vegetable Compound

Winnipeg, Manitoba.—"I can not speak too highly of what Lydia E. Pinkham's Vegetable Compound has done for me. I was a nervous wreck and I just had to force myself to do my work. Life was a misery and work was a burden. Even the sound of my own children playing made me feel as if I just screamed if they did not get away from me. I could not even speak right to my mother. The doctor said that he could do nothing for me owing to my condition, but told me to try Pinkham's medicine. My husband's grandmother advised me to take Lydia E. Pinkham's Vegetable Compound, and started it right away and everyone noticed what a different woman I was in a short time. I went and engaged my doctor and he did not know me. I was so well. I was able to do my work and my mind and it was a pleasure, not a burden. Now I have a baby and I am able to use the doctor's own words. I am able to nurse her and enjoy doing my work. I can not help recommending such a medicine, and anyone seeing me before I took it and seeing me now can see what it has done for me. What I took for me it can do for my testimony. I am only too glad to use my testimony."—Mrs. EMILY DAVIS, 721 McGee St., Winnipeg, Manitoba.

He Never Saw Wife So Well And Strong Says Railroad Man

"If anybody wants to hear about Tanlac, they ought to come out to my house. My wife is so enthusiastic I believe she would be willing to talk all day about it," said M. Burns, St. Rose, Man., well-known Canadian National Railroad man.

"It is natural that she should be delighted with the results she has obtained, because she is like a different person now from what she had been for three years past. Stomach trouble and indigestion made life miserable for her and she was failing day by day."

"Tanlac proved to be the very thing she needed. She says she never felt better in her life and I can believe it, because I know I never saw her looking as well and strong as she does now."

Tanlac is sold by all good druggists.

When Milady Goes a-Walking

Madame Fashion is very busy now preparing for spring, in spite of the gloomy winter weather. Here is a coat which she has designed for afternoon wear. The blouse back, which is very popular just now, will be worn extensively this coming season. It is of tan twill and the color value is greatly enhanced by the self-toned embroidery.

For Scientific Research

Give Grants for Research on the Action of Alkali

The Saskatchewan and Alberta Governments and the Canadian Pacific Railway Co. have this year contributed \$1,000, and the Advisory Council on Industrial Research has contributed \$5,000 towards the research on alkali action through the ground water on concrete piling, piles, etc. Already more than \$200,000 has been spent on this work by the Greater Winnipeg Water District Board. The City of Winnipeg recently made a grant towards the work of \$500. The action of alkali ground water on the concrete pipe mains of the Greater Winnipeg Water District has already cost a great sum of money. The engineers have been compelled to put in a subsidiary pipeline to carry away the ground water.

Rub it in for Lame Back.—A brisk rubbing with Dr. Thomas' Electric Oil will relieve lame back. The skin will immediately absorb the oil and it will penetrate the tissues and bring speedy relief. Try it and be convinced. As the liniment sinks in, the pain comes out and there are ample grounds for saying that it is an excellent article.

Wealth in North Land.—According to Lieut.-Colonel A. C. Garner, of Regina, the principal wealth of the north country lies in its minerals. That while some of the land in the extreme north might be reclaimed and made available for farming, the greater consideration must be given to the development of the mineral resources.

Use Minard's Liniment for the Flu

It pays to patronize home industry. Buy from the merchants in your own town.

ARE YOU A MOTHER?

Mrs. Dalton tells of a Well-known Doctor's Prescription that is safe for Young Mothers to take as a Tonic and Nervine because it contains no harmful ingredients.

London, Ont.—"Dr. Pierce's Favorite Prescription saved my life years ago and for that reason I am most enthusiastic in my recommendation of it to women who are ailing and weak. I was taken with the measles when I was in an expectant condition; then blood poisoning set in and my family became greatly alarmed. The doctor advised them to give me Dr. Pierce's Favorite Prescription and I took several bottles and was restored to my absolutely perfect health. I later took Favorite Prescription as a tonic and nerve and received great benefit from it. As a woman's medicine it is unequalled."—Mrs. Jennie Dalton, 747 York St.

HEALTH BRINGS BEAUTY Your Health is Vital to You. Barrie, Ont.—"I was suffering from a nervous system some time ago. I was unfit to perform my daily duties, and was advised to try Dr. Pierce's Favorite Prescription. I tried and took two bottles, and was restored to my natural strength. I cannot praise Dr. Pierce's medicine too highly and will be willing to write to any one sending stamped envelopes. Mrs. A. H. Bishop, R. No. 1. You'll soon feel better if you obtain this "Prescription" of Dr. Pierce's at your nearest drug store in tablets or liquid, or send 10c to Dr. Pierce's Laboratory in Hridgeburg, Ont., for trial pill, tablets and write for free medical advice."

Dr. Pierce's Favorite Prescription is a tonic and nerve and received great benefit from it. As a woman's medicine it is unequalled."—Mrs. Jennie Dalton, 747 York St.

The Institute Act.

In reply to several inquiries on the matter of the changes in the W. I. Act, we reproduce the following information which has been supplied by the Provincial Publicity Commissioner, Colin C. Groff:

"The Act seeks to eliminate the Minister of Agriculture as a controlling factor in the Institutes, and substitutes an Advisory Board to be elected at the annual convention of the Institutes. In the past the institutes have had the sole right to extension work in the way of special courses in home economics, etc. This right has now been extended to all organisations.

"The Act gives power for the appointment of officers necessary for the carrying out of the duties under the Act. Grants to the Institutes will remain as in the past, but the expenses of the annual convention will not be borne by the Government.

"The aim of the amendments has been to provide for a greater freedom and independence of the Women's Institutes, and the enlargement of the extension work which has been carried on in the past by making this available to all women's organisations."

R. I. P.

O Lizzie, we will miss you,
When the ducks begin to fly;
But when the oil well gushes
Another we will bury.

Jasper Highway in Danger.

The people of Entwistle and district are beginning to feel that the chances of the much-touted Jasper Highway being realised in the near future are somewhat slim, in view of the operations which are under way there in connection with the railways. Last week workmen began moving the station building from the Canadian Northern to the Grand Trunk tracks. The Canadian National is negotiating for the purchase of a right-of-way which will come just west of Round lake and will cut over the G. T. P. about a mile east of the present station.

It is rumored that is the intention of the company to move the million dollar C. N. bridge crossing the Pembina River to some place on the Blindman Valley road. If this intention is carried out, it will eliminate all possibility of using this bridge on the proposed Jasper Highway.

A member of the present Legislature gave a pretty good indication of the Government's stand on the Jasper Highway when he stated at a recent meeting of United Farmers at Entwistle that, until good roads were built north and south, his Government would not give any aid to roads running east and west.

Miners Will Get Support.

With regard to the threatened strike at the coal mines, the miners of the Evansburg district claim that the situation at that point is not as bad, so far as they are concerned, as pictured in a special dispatch which appeared last week in an Edmonton paper. It is claimed that 95 per cent of the miners have joined the United Mine Workers of America, and that they are in no danger of lack of support in the event of a strike being called.

The claim is also made that the miners' hands are not tied thru living on company property, as a large number are only awaiting delivery of title to their lands from the Colliery Co.

A Handy Calendar.

The Stony Plain Pharmacy is issuing calendars published by Rexall Drug Stores, that are among the best yet. On the face of the calendar are given, along with the figures, the phases of the moon and the weather forecasts, while on the back of each month are blanks for farm and household records—pilk records, egg records, farm and household expenses, farm receipts, and some very useful information. The back card of the calendar is printed on both sides and contains a wealth of information—a blank form for making an inventory of your belongings, health and household hints, weight and measures, farm tables, first aid hints and many others. It also includes the regular information generally looked for on the first pages of the family almanac.

Public School Studies.

Revision of the course of studies in the Alberta Public Schools, which was undertaken over a year ago by a committee of prominent citizens, has been completed, and the committee has handed in its report to the Hon. Perren Baker, Minister of Education. The result of the recommendation, when adopted, will be a course of studies for the Public Schools greatly simplified; made less burdensome as to number of subjects and amount of material handled; and made more practical for everyday use. In other words, the emphasis will now be laid upon the fundamentals, with the frills relegated to their very proper place.

The aims of the committee in simplifying the course of studies is illustrated by its handling of several subjects. The teaching of English in its various branches is to have 50 per cent of the school time; certain definite standards are to be set; and home work is to be eliminated.

In reading, there will be three phases, silent, oral and reading as a social exercise.

In spelling, the list of words taught will be limited to 1500 everyday words, with supplementary lists of words needed in special situations.

Provincial Tax on Gasoline.

On top of the bad news that we are to lose our Demonsration Farm comes the equally unwelcome tidings to local car owners and other users of gasoline that the Greenfield Government has announced the intention of imposing a tax on this product the coming season.

The Premier announced in the Legislature last week that there would be a tax on gasoline, in addition to the increased tax on amusements.

When asked later what the tax on gasoline would amount to, the Premier stated that it would be 2 cents per gallon, and the tax was estimated to be worth about \$264,000 to the Government.

The time of imposing the tax will probably coincide with the opening of the joyride season.

Bring Your Yarn to the Tailor Shop

and have it Knit into

Socks, Stockings, and Mitts.

Buy Your Hosiery from the Knitter, at the
Stony Plain Tailor Shop.

No U. F. A. Bank.

No provincial banking scheme will be undertaken by the Greenfield Administration during the next year at least.

This much was developed at a caucus of the Government forces at the Legislature last week, when the question of Provincial financial policies came under review.

While not favoring the establishment of a Provincial Bank as requested by the last convention of the United Farmers, Premier Greenfield and his Cabinet propose to carefully investigate the whole field of finance and credit in the Province, and its relation to the other western provinces. An expert on banking and financial matters will be hired to carry on this work. His report will suffice for the presentation of Alberta's case for financial reforms when the Federal Bank Act comes up for revision in the Dominion Parliament.

Proposed Reductions In British Army Meets With Strong Opposition

London.—An interesting debate arose in the House of Commons between Field-Marshal Sir Henry Wain, former chief of the Imperial General Staff, and Sir Laming Worthington-Evans, secretary of war. Field-Marshal Wilson opposed a reduction in the army on the ground of Great Britain's many responsibilities in Ireland, India, Egypt and elsewhere, while Sir Laming defended the government's policy of retrenchment.

The field-marshal was supported by a number of Conservatives. He denied that the Russian menace was ended. The war secretary contended that the only way to meet Field-Marshal Wilson's demands was to raise a conscript army. Thereupon the field-marshal admitted that he had never dreamed of a conscript army because it would be impossible to order conscripts to serve abroad in peace time.

Sir Laming, in upholding the plan for a reduction, argued that even with Great Britain's enormous responsibilities it was necessary to take some risks.

Propose Soviet Bond Issue

Old and New Debts Are Included in Proposal

That the Russian Soviet Government should issue bonds covering the whole of Russia's indebtedness is understood to have been the British proposal at the first session of the allies' technical experts meeting here to prepare an agreement for the conference. Bonds not only covering all of Russia's national debts but also municipal and individual loans to the old and new Russian regimes are understood to have been included in the proposal. The bonds would be exempt from interest for five years. Discussions concerning Russia are featuring the conference of the experts although the Soviet Government is not represented in London.

Order Restored in Nairobi

London.—Nairobi, British Southwest Africa, is all quiet now after the native outbreak. Reuters' correspondent cables. Witnesses in an enquiry into the trouble state at the magistrate's court that the conduct of the native troops had been excellent. They were on duty eighteen hours without a break and maintained discipline in spite of continuous jeering by the rioters.

Urges Wireless Chain

London.—The Council of the Empire Press Union passed a resolution deploring the lack of adequate telegraphic communication and urgently pressing the government to immediately carry or support some scheme for an imperial wireless chain, which would have general approval throughout the empire.

WEAK HEART NERVES BADLY SHATTERED

Many a woman who should be strong and healthy, full of life and energy is bound by the shackles of ill-health.

Some disease or constitutional disturbance has left its mark in the form of a weak heart, shattered nerves, impoverished blood and an exhausted condition of the whole system.

MILBURN'S HEART AND NERVE PILLS

They will find a remedy that will supply food for the exhausted nerves, one that will strengthen and regulate the weak heart and invigorate the whole system.

Mrs. W. W. Pearce, 14 Seaton St., Toronto, Ont., writes:—"I was left with a weak heart and in a run down condition from the 'flu'. My nerves were badly shattered, and I had such pains around my heart I could not sleep much at night. I took several doctors' medicines without getting any better. My husband got me to try Milburn's Heart and Nerve Pills, and after taking six boxes I have been well and not bothered since."

Price, 60c a box at all dealers, or mailed direct on receipt of price by The F. Milburn Co., Limited, Toronto, Ont.

British Officers for B.C.

Young Officers from India May Settle on Land in British Columbia

Victoria, B.C.—Major J. W. Clark in charge of soldiers' settlement work under the department of lands, will leave soon for India.

Several hundred young British officers are being paid out of the Indian army, and at present the British Government is making arrangements to assist their assimilation into civil life in various parts of the Dominion. All of these young officers will have from two to three thousand pounds each.

A few days ago the India office in London called the Provincial Government and offered to pay half the expenses of sending a British Columbia representative to India to interview the young officers with the idea that they would come direct from India to British Columbia. It is the intention to place them, if satisfactory arrangements can be concluded, upon lands in the South Okanagan irrigation project.

Further Conference On Embargo Favored

Cities of Great Britain Asked for Views on Matter

London.—Representations on the subject of the importation of Canadian steer cattle have been addressed to the city of London by the Aberdeen County Council, Edinburgh and Glasgow City Councils and the Parliamentary Committee of the co-operative congress as well as other bodies, in favor of a further national conference being called by the Lord Mayor at the Guildhall. The cattle markets' committee of the corporation of the city of London has now communicated with all the cities in Great Britain with a population of 25,000 and upward inviting their views on the matter.

May Send Troops to Ulster

London.—The British Government may have to consider whether it will be possible to place a cordon of imperial troops between the warring elements on the Ulster frontier, Winston Churchill, the colonial secretary, stated in the House of Commons.

It will Prevent Ulcerated Throat.—At the first symptoms of sore throat, which prevents the free passage of food, take a spoonful of Dr. Thomas' Electric Oil. Add a little sugar to it to make it palatable. It will allay the irritation and prevent the ulceration and swelling that are so painful. Thousands of bottles being sold daily subject to quinine have thus made themselves immune to attack.

It pays to patronize home industry. Buy from the merchants in your own town.

SPANISH FLU CLAIMS MANY VICTIMS IN CANADA AND SHOULD BE GUARDED AGAINST

Is a Great Preventative, being one of the oldest remedies used. Minard's Liniment has relieved thousands of cases of Grippe, Bronchitis, Sore Throat, Asthma and similar diseases. It is an Eucalypti and thousands of bottles being used every day. For sale by all druggists and general dealers.

Partial Moratorium Is Granted To Germany Under Certain Conditions

ONTARIO WILL SEIZE LIQUOR IN TRANSIT

ATTORNEY GENERAL WANTS TO KNOW HOW LAW STANDS REGARDING EXPORT

Toronto.—Two recent liquor seizures at Oakville and Hamilton have given rise to an announcement by Attorney General W. E. Roney that all liquor shipments intercepted upon a highway in Ontario will be confiscated and held until such time as the courts pass upon the legality of conditions under which they were in transit.

Mr. Roney said that it was his intention to learn early how the law stood in regard to the export of liquor. In order to do this he would press a test case to the highest court. He intimated that legislation might be brought to bear immediately in regard to the whole wholesale transportation of liquor, it will not be necessary to await the final decision of the courts in this respect.

Object to Orientals

Receiving Education at Expense of Taxpayers in British Columbia

Vancouver.—The House heard something of the perils of Oriental immigration when a British Columbia Progressive from the floor—L. G. McBride, of Cariboo.

Oriental immigration was costing the country millions of dollars, Mr. McBride said, and the effect it would have on civilization could not be ignored. Orientals would not assimilate, and the white and yellow races would never associate. They should not be brought together. He declared that in 1910 only 20 Japanese were born in British Columbia, but in 1920 the number had grown to 857. In 1910, 17 Japanese were born in British Columbia to every 1,000 white. In 1920, the foreigners were 69 Japanese to 1,000 white.

Orientals were receiving their education at the expense of the British Columbia taxpayers, Mr. McBride continued. In Vancouver it cost \$60,000 to educate Orientals last year. The influx of Japanese and Chinese tended to lower the moral and laboring standards of the community. It was a situation which must be ended at once.

He said that about Orientals now what you will think about them in 25 years," Mr. McBride added.

Dye Skirt, Dress Or Faded Draperies In Diamond Dyes

Each package of "Diamond Dyes" contains directions so simple that any woman can dye, wash, and shirley skirts, dresses, waists, coats, sweaters, stockings, hosiery, draperies, everything like that. "Diamond Dyes" are so other kind of perfect home dyeing in guarantee, even if you have never dyed before. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. "Diamond Dyes" never streak, spot, fade, or run.

France to Retain Army

Must Be Prepared to Guard Against German Menace in Future

Paris.—France must have three men to one man for Germany as a standing army when the zero hour ends again," said General De Castelnau, chairman of the army commission in the Chamber of deputies, in advancing the eighteen months' service bill as sponsored by the commission.

"Germany," General Castelnau continued, "has seven divisions of infantry and three of cavalry, and these forces can be trebled over night. The League of Nations has not yet realized militarily that the U.S. absolutely refuses to cross its threshold. We are a great pacifist nation, but we cannot vouch for others. Thus we remain attached to the principle of an armed nation."

The eighteen months bill now before the Chamber of Deputies provides for thirty-two metropolitan divisions ready for immediate action.

Hong Kong has a slave colony where girls are sold as low as \$5 a head.

Paris.—The conditions under which the reparations commission will grant Germany a partial moratorium are announced. They include perfect autonomy for the Reichsbank and new legislation to prevent evasion of German capital, the legislation to be ready for application upon a fixed date.

A number of reforms in German financial methods are stipulated. These must go into effect at fixed dates beginning May 31. New resources for reparations money must be found and the funds collected under the control of the allied committee, on guarantees which will pass upon their effectiveness and probable yield. If they are found insufficient the reparations commission will consider a number of other measures, including a domestic or foreign loan and eventually a levy upon capital in Germany.

It is stipulated that if reparations payments in kind to the value of 1,450,000 gold marks yearly are not entirely distributed the balance may be required in cash.

If the German Government fails to apply the reforms upon which the partial moratorium is conditioned, the allies may resort to the terms of the annex to the treaty of Versailles authorizing them to take further pledges as a guarantee for reparations payments.

The commission upheld the figures arrived at during the recent Cannes conference for Germany's payments in 1922—cash payments of 720,000,000 gold marks and 1,450,000,000 marks in kind.

The text of the decision of the commission are immediately forwarded to Germany and the various allied governments.

Extending Paper Mill

Work Being Commenced on Building at Port Arthur

Port Arthur, Ont.—A. G. Pounsford, manager of the Port Arthur Division of the Provincial Paper Mills Limited, announced the actual commencement of work on the extension of a paper mill extension to the company's present plant.

The extension is to be completed by May 1, 1923, and at an estimated cost of \$1,500,000. The mill will be equipped with one 146 book machine capable of turning out thirty tons of book paper a day. The main market for the product will be Western Canada.

Lords' Vote Defeats Government

London.—The Government was defeated in the House of Lords by the adoption of an amendment to the Irish Free State Bill to guarantee pensions to Irish civil servants. The vote was 42 to 40.

Successful Air Trip

St. John's, Nfld.—The air mail in charge of Pilot V. H. Bennett and carrying one passenger, made a successful trip from Bolwood to Twillingate.

"They Certainly Did Help Me"

WHY DADD THEBAUD RECOMMENDS DODD'S KIDNEY PILLS

New Brunswick Man Now in Good Health Advises All Sufferers from Kidney Trouble to Use Dodd's Kidney Pills.

William St. Jean, Kent Co., N.B. (Special).—"Dodd's Kidney Pills certainly helped me."

Such is the emphatic statement of Pascal Thebaud, a well-known resident of this village. "I was very ill of kidney disease," Mr. Thebaud continues. "In the morning I was so weak I could not get up before midday. I took three boxes of Dodd's Kidney Pills and they did me a lot of good."

"Now I am well again and I advise any person suffering from kidney disease to use Dodd's Kidney Pills." Dodd's Kidney Pills are known in every corner of Canada as the old reliable Canadian Kidney remedy. They are known by the work they have done.

Ask your neighbors if Dodd's Kidney Pills are not the remedy for sick kidneys.

Supposing the Printer Did.

There is a wheeze that has
gone the rounds of the print-
ers so long, says The Ham-
mermill Journal, that it has
lost both author and origin,
but it hasn't lost its point.
You must have heard it, but
it will do you good to hear
it again.

"A certain printer has noti-
fied the merchants of his town
that he will shortly be in
need of a shirt, a pair of
boots, and a hat. He asks
that each merchant furnish
estimates as follows:

"One shirt, with and without
collar; also in 1, 2 and 3 col-
ors. Estimate each way.

"One pair of shoes. Estimate
for 2 colors, black and brown.
Also give prices, whether high
or Oxford, and laced or but-
toned.

"One hat, soft or derby (esti-
mate for black, brown, green
and grey. With and without
band, size to be determined
later).

"This printer adds that he is
about to place a large order in
the near future, and will give
special consideration to the mer-
chant who makes him a reason-
able price on this small initial
order.

"Etc., etc."

How often is the printer asked
to figure just such nonsense?
Why isn't turnabout fair play?

YOU CAN GET 150 MORE
FOR A BUSHEL OF WHEAT

That Is What You Can Do Provided You Take Advantage of Our Offer

We have made arrangements with the E. H. Heath
Co. Limited who publish the CANADIAN POWER
FARMER whereby we are able to offer that farm
magazine together with our own weekly at the one-price
for both papers.

The CANADIAN POWER FARMER is Western
Canada's biggest farm monthly. It is now in its
twentieth year which means that it is thoroughly
established throughout the West. It deals with the
mechanical side of the farm. Every issue is full of
helpful hints and experiences on the operation of all
kinds of farm machinery from a washing-machine to a
tractor. Its editor has just completed a trip of several
months over Western Canada in a motor car for the
purpose of studying the mechanical needs of the farm-
ers. He visited the farmers, lived with them and worked
with them. The results of his trip will appear during
the next twelve months.

This offer may be withdrawn at any time. Without
doubt your intention is to renew for this weekly, then
why not take advantage now. Your subscription to this
weekly together with a year's subscription to THE
CANADIAN POWER FARMER for the same price as
this weekly alone. This is where you
make \$1.50 on a bushel of
wheat.

Mail your cheque or drop into
our office the first time you are
in town.

Cover up Unsightly Walls

All the cracks and holes in your
paper on old walls and ceilings can
be quickly covered by using these
durable panels of Beaver Board. You
can do this work yourself and the best
part of it is, you'll never have the job
to do again. Once up Beaver Board is
always there. Solid, firm, beautifully
decorated walls and ceilings.

We have some very instructive litera-
ture that's yours for the asking.

WORLD HAPPENINGS BRIEFLY TOLD

Japan will establish a scientific laboratory on the South Sea Islands to study typhoons.

The new automatic phone service has been inaugurated in the city of Lethbridge at a cost of \$25,000.

Twenty-one drillers have left Petrolia for the oilfields of Mesopotamia. They will be engaged by the Anglo-Persian Oil Company.

Orders directing the return to the United States by July 1 of all troops now quartered on the Rhine were issued by Secretary Hughes.

Rum runners along the Canadian border will be hunted by wireless, according to advice by Commissioner Haynes from Col. Roy C. Vandercok, head of the Michigan department of public safety.

The German steamer Antonio De-fino arrived at Boulogne from Hamburg and embarked passengers and mails for the voyage to Buenos Ayres. She is the first Transatlantic vessel under the German flag to call at Boulogne since the war in regular service.

George Richardson, who blew the charge when the Light Brigade rode up to the guns at Balclava, died recently at Liverpool. It is believed that he is the last of the gallant Six Hundred. He possessed 16 medals given for valor.

The hydrographic office of the U.S. Navy Dept. issued a warning to mariners that the North Atlantic steamship lanes, normally used from February 1 to August 31, may be rendered hazardous by the presence of extensive ice fields.

"Papa" Mains, who was reported to be the oldest schoolmaster in the world on the active list, has just retired on his well earned pension, aged 90 years. He had been a teacher for 70 years and absent from his desk only 12 days through illness.

The Submarine Evil

Almost Unless Except for Attacks on Merchant Shipping

If we are to build submarines, and even more submarines than before the war, naval competition will be perpetuated in a new and dangerous form. Nor can we regard the restrictions on their use which have been accepted at Washington as a sufficient safeguard against their future misuse. The restrictions are of importance, and we do not doubt that they have been adopted with sincerity, but such rules have been made before and then broken by nations confronted with imminent defeat. Experience has proved that submarines are almost useless except for attacks on merchant shipping, and if we are really determined to rule out such attacks from among the more hideous possibilities of warfare there is only one way to do it, and that is to scrap the submarine.—London Observer.

A POISON STOREHOUSE IN EVERY HOME

You may not think so, but that's what happens to every one of us when the kidneys are affected. The kidneys are the filters that remove from the blood the waste matter that acts like deadly poison on the vitality and health of the system. Dr. Hamilton's Pills stimulate the kidneys, expel fermenting matter from the bowels, restore the liver and stimulate all excretory organs. No medicine will clean up the system, tone the blood, make you feel fit and fine as quickly as Dr. Hamilton's Pills. Useful and needed in every home. Dr. Hamilton's Pills of Mankrate and Bismarck, S.E. dealers, or The Calabazone Co., Montreal.

White Packers Handle B.C. Herring All herring packing is now completed and there are only about 1,000 tons left in the market to be moved to the Orient. Already 25,000 tons have gone forward to that destination. Over 50 per cent of the herring packed in British Columbia this year was processed by white packers. Four years ago Japanese packed 100 per cent of this dry-salt cured herring, but last year this was reduced to 70 per cent, and this year to 50 per cent.

Miller's Worm Powders act so thoroughly that stomachic and intestinal worms pass from the child without being noticed and without inconvenience to the sufferer. They are painless and perfect in action, and at all times will be found a healthy medicine, strengthening the infantile stomach and maintaining it in vigorous operation, so that, besides being an effective vermifuge, they are tonic and health-giving in their effects.

Radium Expert Dies
Professor Johan F. Fischer, who was popularly credited with knowing more about radium than any other man in Denmark, has just died at the age of 54.
He paid a heavy price for his knowledge. While experimenting in radium he lost several fingers. In 1921 he visited America.

If You Have Neuralgia Rub on "Nerviline"

Apply Nerviline to the sore spot. Notice the warm glow that spreads deeper and wider, as Nerviline's soothing influence is carried deep into the sore tissue. How quickly the pain is eased. In a little while you have forgotten it, the soreness has actually gone. For neuralgia, sciatica, rheumatism, Nerviline is a boon. Large size bottles.—Sold everywhere.

Irrigators to Meet

Convention to be Held at Maple Creek and Brooks in July
The annual convention of the Western Canada Irrigation Association for the present year will open at Maple Creek, Saskatchewan, on Wednesday, July 25th, and two days later will move to Brooks, Alberta. Some of the most prominent irrigators from the American Continent are being invited to address the convention, and in view of the growing importance of irrigation in Western Canada, the meeting is promised to be largely attended. The largest single irrigation project on the American Continent is in Alberta, and irrigation development is going ahead at a rapid pace.

BABY'S HEALTH IN THE SPRING

The spring is a time of anxiety to mothers who have little ones in the home. Conditions make it necessary to keep the baby indoors. He is often confined to overheated, badly ventilated rooms and catches colds which rack his whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. This will prevent colds, constipation or colic and keep baby well. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The Beginning of the End
Petrograd, named in honor of the Czar Peter the Great, who built it, is to be renamed Leningrad, a Moscow dispatch reports, in honor of Lenin, who unbuilt it.—Tospeka Capital.

Minard's Liniment prevents Spanish Flu

Attached to the Aquarium in New York City is a hospital where fish are treated for their ailments.

Interested in Western Canada

American Farmers Are Anxious to Take Up Land Here

(By G. C. Porter, of Winnipeg)
Minneapolis, Minn.—Canadian Government Agencies at this point and the railroad Natural Resources Department Agents, are in receipt of letters from points as remote as California and Florida, from farmers who want to move to Western Canada. Some of them are from men who went to those States as recently as three years ago to try fruit growing, lured there by advertising companies owning large acreage. They are disappointed, and are anxious to get back North.

Must Be More Co-operation

Co-operation by the people of Western Canada and more co-operation in helping get settlers on the land is what the railroad men, immigration Government agents and real estate men with whom I have talked emphasize as a prime essential if the full advantage is to be taken of the trend that is setting in from the States towards the vacant lands over the line.

How It Can Be Done

Howard Everett, president of the Luce Land Company, speaks with wide experience in this field. He told me of the days when the Luce Company was taking thousands into Saskatchewan. They looked after their particular settlers and helped locate them on the land. There was not in the co-operation and help for those new arrivals that he would like to have seen and such as is necessary if every settler taken in is to be anchored to the soil. The machinery was not there for the co-operation purpose. The spirit of encouragement was there but there was no organization. Mr. Everett did not think that this should be left to haphazard chance. There should be organized bodies to meet these new comers. If the people were worth advertising for and sending highly paid agents over the country for, they were worth taking care of until settled when they arrived at their destination.

More Attention at the Border

Many of the men with whom I have talked emphasized another weakness that is proving most expensive. It is the handling of emigrants going into Canada when they are at the border. Of course, there must be immigration officers to interview these people seeking admission to Canada, but one Dominion Government agent told me that last year 250 being sent into the prairies to go on farms were turned back at the border by the Canadian immigration officers. Those familiar with the working of the Government Immigration Bureau in the States assert that they think a certificate from any one of these agents issued to a prospective settler in order that he can get his cheap railroad ticket on arrival in Winnipeg, should be sufficient evidence for the admission of such person on arrival at the border without further information.

Hard and soft corners both yield to Holloway's Corn Remover, which is entirely safe to use, and certain and satisfactory in its action.

Poise and Brains

No People on Earth Have Political Talent Equal to the British
The British are very great people. The marriage of Princess Mary is only another example of how they manage to do the right thing before the final crack of doom. Remember the world was and how the British Empire came out of it bigger than ever. Look at Ireland—for years given up as hopeless. Think of Balfour coming to Washington and putting across the four-power treaty, while getting the naval victory, and going home with both Japan and America the sworn friends of old John Bull. No people on earth today have political talent, experience and skill equal to the British. Congratulations to the former Princess, now a humble Viscountess, and, if you please, felicitations to old England on leading the world just by poise and brains.—Springfield Republican.

Worms sap the strength and undermine the vitality of children. Strong them then by using Mother Graves' Worm Extirminator to drive out the parasites.

Knives have been invented to be attached to cultivators to cut off weeds.

Minard's Liniment for Cough and Colds

DID PAIN DISTURB YOUR SLEEP?

THE pain and torture of rheumatism can be quickly relieved by an application of Sloan's Liniment. It brings warmth, ease and comfort and lets you sleep soundly. Always have a bottle handy and apply when you feel the first twinge. It penetrates without rubbing. It's splendid to take the pain out of tired, aching muscles, sprains and strains, stiff joints, and lame backs. For forty years pain's enemy. Ask your neighbor.

At all drugists—35c, 70c, \$1.40. Made in Canada.

Sloan's Liniment (Pain's enemy)

It is said Italy's perfume manufacturers consume 1,860 tons of orange blossom, 930 tons of roses, 150 tons each of jasmine and violets, and 15 tons of jonquils annually.

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Frezzone" on an aching corn, instantly that corn stops hurting, this shortly you lift it right out with your fingers. Truly! Your druggist sells a tiny bottle of "Frezzone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation.

MONEY ORDERS

It is always safe to send a Dominion Express Money Order. Five dollars costs three cents.

When Will There Be A Disarmament of Dining Tables?

Suppose everybody would recognize the fact that there's no gain but much loss in keeping up hostilities with the stomach!

Suppose the ancient aggravation of improper food on indignant digestive organs should be settled with guarantees of sensible diet and tranquil digestion!

The saving would be beyond all possibility of counting.

Yet millions go on declaring war on the stomach and accepting war in return—loading up on starchy, heavy, unbalanced, and highly-seasoned food at breakfast or lunch—and wondering why comfort, happiness and efficiency are out of reach.

Grape-Nuts makes a friend of the taste and an ally of the stomach.

There's a charm and satisfaction to this delicious food which prompts appetite to say, "There's a meal!" and digestion to answer, "Thank goodness, here's peace at last!"

Grape-Nuts is the perfected nutriment of wheat and malted barley—sweet, crisp, and wonderfully nourishing. It digests quickly, and provides the necessary mineral salts, for body, nerve and brain.

Order Grape-Nuts from your grocer today, and let a delighted taste pass a treaty of peace along to an enthusiastic digestion and assimilation.

Announcement!

The winning number for the Lady's Hat at Hardwick's is 251. Will the owner of this ticket please call.

The Big Fire.

A settlement has been reached with the Fire Claims Adjuster by Miller & Baron, and a new structure may shortly be in course of erection, to replace the garage burned last week.

The firm lost four cars in the fire, two of which had been insured; Mr Gilbert and Jake Kuhlars cash lost a truck; and the School District lost a van, insured for \$300.

Those who lost cars are: R. L. Ghiselin, insured; Ph Trapp, insured; John Kotscherofsky, R. E. Wood, Sam Zucht, Philip Barron, Joe Whitelock, W. M. Washburn, G. Hazel, R. Breitkreitz, Adam Mohr, R. Doll, R. C. Propp, Jack Fuhr.

The Alberta Wreckage Co. has done quite a business since the debris-cooled off. It paid from \$5 to \$25 for Ford engines, and had good pickings from the \$1600.00 stock which the firm carried, and which had been insured for only \$600. The company took two freight car loads back to the City.

The item which annoys the uninsured car owner is that most of these had had their cars overhauled—in some cases the sum for repairs amounting to a fairly good size—and had been congratulating themselves they had their Lixys ready for Spring, when "Poot!" away she goes!

Stony Plain and District

Mr John Metcalf, an old-timer in the Spruce Grove district, is holding an auction sale this week.

Mr Dan Brook, who had been spending several weeks at his old home in Ontario, returned yesterday.

There is said to be quite a high rate of mortality among calves this spring, the farm close to town having lost three or four very valuable ones, so far.

There will be another chance at Hardwick's to get a Free Hat (your own choice) starting Saturday, April 1st, and ending Saturday April 15. Each purchaser gets one chance.

Messrs Steele and Dickie, of the Edmonton Potato Growers, were in Stony Plain district last week, making a survey of the available stocks of spuds.

A party of Edmontonians which included Messrs Bishop and J. J. Murray, accompanied by the drainage expert, Mr Joe Whitelock, made a trip to Shool Lake (south of Wabamun) to make a survey as to the possibilities of draining the entire lake the coming season.

Ings Councilors are billed to meet in Stony Plain Friday, April 7th, when the question of the Secretaryship will be among the matters discussed.

The case against a number of local parents and guardians for non-attendance of their charges at the local school, which has been hanging fire for some time, was called on Saturday afternoon week, and a further adjournment was made to Saturday, April 1st.

The annual Stock Show and Sale at Calgary is being held this year April 4, 5, 6, 7.

In a speech delivered in Edmonton on Friday night, Hon. Geo. Hooley, Minister of Agriculture, said that it was his intention to appoint 8 to 10 new Agricultural agents, the coming season.

It is said there will be a fall session of the Legislature, probably in November, for the passing of a Provincial Income Tax.

The Government killed the Cow Bill last week, and the vote put thru the House only provided for \$25,000 for supercilious and \$125,000 to meet interest charges. The Province loses heavily owing to decrease in price and cows having died.

The Department of Municipal Affairs has just sent out the information that the land now held by the Canadian Pacific Railway in this district becomes available for taxation purposes this year, 1922. This will be of special interest to School Boards throughout the different Municipalities.

The Hon Duncan Marshall held a dispersal sale of his sixty-one purchased short-horns, on Tuesday last, at his farm near Olds.

A Kuss has opened a General Blacksmith Shop at Bright Bank, and is prepared to execute repairs of all kinds to farm machinery.

The regular meeting of the S-P Women's Institute will be held at the home of Mrs Gates on Wednesday, April 5.

Mr R. E. Wood paid 10¢ for hops today.

Oysters at Zucht's Butcher Shop.

THE L. FREIFELD DEPARTMENTAL STORE

Takes the liberty to advise the ladies of this district to delay for a short time with the purchasing of their new Spring Hats; for we expect to receive in the course of a week a time a shipment of Hats direct from the Manufacturers, and anticipate that the Styles and Prices will meet with the approval of the most fastidious.

We also expect to receive within the next few days a shipment of Men's and Boys' Suits, which will be offered at prices beyond competition.

Our Footwear Department is most complete, and it will pay everybody to inspect this Department before purchasing elsewhere.

Do not send away your money. You can buy to better advantage at home.
